## Product Description

### SINOTRUK HOWO 4\*2 Diesel Refrigerated Box Truck for Frozen Meat and Chicken Freezer Box

#### Product features:

Refrigerated trucks are mainly used to transport and store goods that need to be kept at low temperatures, such as food, medicines and chemicals. This type of vehicle is equipped with special refrigeration equipment that can keep the goods within a suitable temperature range to prevent the goods from spoiling or deteriorating. Refrigerated trucks play an important role in food distribution, medicine transportation and long-distance transportation of frozen goods.

#### Product advantages:

Refrigerated trucks have flexible designs that can meet the transportation needs of goods of different sizes and types. Whether it is long-distance transportation or urban distribution, they can provide reliable solutions. They are highly adaptable, using advanced refrigeration technology and efficient insulation materials, and can adapt to various complex road conditions and climatic conditions to maintain a constant low temperature.

#### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

#### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

#### Is international logistics guaranteed?
