

Diesel Toyota Ambulance 8m Length Automatic Used FORD Ambulance

Our Product Introduction

Basic Information

- Place of Origin: Henan, China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Medical Equipment: Yes
- Transmission Type: Automatic
- Condition: New
- Emission Standard: Euro 3
- Fuel Type: Diesel
- Length (m): 3 - 8m
- Highlight: Diesel Toyota Ambulance,
Automatic Used FORD Ambulance,
8m Length Toyota Ambulance

Product Description

FORD Toyota Ambulance In Dubai Ambulance Stretcher USED Ambulance

Product features:

The interior decoration of the medical cabin and the medical cabinets are all made by one-piece molding technology. They are beautiful and high-end in appearance, practical in functions, and have a smooth surface. They have many advantages such as being waterproof, anti-corrosive, anti-mildew, flame retardant, antibacterial, and easy to clean.

The medical cabin is equipped with independent front and rear air conditioning and heating, automatic switching bus, LCD centralized control system, on-board charging and discharging integrated inverter power supply, etc., making it more convenient to use.

The vehicle is equipped with JSV vehicle management system and JSV pre-hospital intelligent emergency system.

Product advantages:

Long row of emergency lights and flashing lights around, automatic loading stretcher, folding stretcher, oxygen cylinder and oxygen cylinder cabinet, quick interface, left integrated cabinet, work seat, accompanying seat, fire lamp, infusion hook, inverter, external power supply, ventilation fan, lighting, power socket, power control panel, middle partition (with observation window), medical wear-resistant floor, dirt bucket, vehicle body and emergency signs, rear cabin air conditioning and heating, etc.

The vehicle is equipped with a 3.5L gasoline V6 engine, a full-time four-wheel drive system and a 10-speed manual transmission, which can easily handle daily driving or complex road conditions. Excellent power and comfortable driving feel are more perfect

It adopts the independently designed and developed streamlined outer roof, integrated split embedded warning lights, and the interior space of the whole vehicle can reach up to 1900mm.

Specification:
