## Product Description

FOTON Refrigerator Trucks 4x2 Fish Meat Vegetable Fruit 4 Cylinders Diesel Refrigerated Truck

### Product features:

Foton refrigerated trucks are equipped with high-efficiency refrigeration units, which can quickly cool down and accurately maintain the set refrigeration temperature. The body uses high-quality insulation materials to effectively isolate external heat and ensure a stable temperature inside the cabin. The vehicle is equipped with an advanced intelligent monitoring system that monitors the temperature, humidity and cargo status inside the cabin in real time. In addition, its smooth appearance design and low drag coefficient reduce fuel consumption. The interior of the carriage is spacious and reasonably laid out, making it easy to load, unload and store cargo.

### Product advantages:

Excellent refrigeration effect, ensuring cargo quality. High-quality insulation materials and intelligent monitoring system enhance refrigeration stability. Low wind resistance design and reasonable internal layout improve transportation efficiency and economy. The Foton brand has an extensive after-sales service network and strong after-sales guarantee. The vehicle has high reliability and durability, reducing maintenance costs. In addition, Foton refrigerated trucks also provide a variety of configuration options to meet the personalized needs of different users.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.
