

3m Length High Roof Ambulance 4*2 Emergency Medical Ambulance

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: Henan, China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Medical Equipment: Yes
- Transmission Type: Automatic
- Condition: New
- Emission Standard: Euro 3
- Fuel Type: Diesel
- Length (m): 3 - 8m
- Fuel: Diesel Ambulance Vehicle
- Drive Type: 4*2
- Color: Customer Requirement
- Application: Emergent Life-saving
- Ambulance Type: Standard Ambulance
- MOQ: 1 Set
- Function: Multi Functional
- Highlight: **3m Length High Roof Ambulance, 3m High Roof Ambulance, 4*2 Emergency Medical Ambulance**

Product Description

2024 Ambulance For Sale High Roof Ambulance Factory Direct Medical Emergency

Product features:

The Ford Transit ambulance adopts a reinforced body structure of load-bearing boron steel and high-strength galvanized plates to effectively absorb the impact caused by collisions and achieve higher yield strength; the streamlined appearance can effectively guide the surrounding airflow while driving, reduce air resistance and fuel consumption, help improve the vehicle's driving stability and engine cooling conditions, and the interior of the body has good ventilation.

This ambulance adopts a load-bearing body, front engine, front-wheel drive, and is equipped with a four-wheel disc brake system. It improves the vehicle's handling and ensures safety in rainy and snowy weather. The front suspension adopts McPherson independent suspension to improve comfort; the rear suspension is an integral bridge steel plate non-independent suspension structure to ensure load-bearing capacity.

The Ford Transit ambulance operating console completely subverts the traditional commercial vehicle operating console. It has a sedan-like integrated design, four steering wheels, multiple storage spaces on the operating console, a central shift lever, and is equipped with a USB radio and audio system. It is simple, elegant, stylish and refreshing.

Product advantages:

The lampshade is made of PC material with good impact resistance and high temperature resistance, as well as specially customized flashing lamp beads, which have better compatibility with vehicles and longer service life.

It is highly efficient and equipped with Ford's original DURATORQ TDCI high-pressure common rail diesel engine, a six-speed gearbox, and three-vertebra synchronizer technology to achieve more efficient and dense power output, smooth and labor-saving gear shifting, and more powerful when starting, climbing slopes or carrying heavy loads; the transmission ratio distribution conforms to the optimal economy curve, making it more fuel-efficient.

Ultimate safety, 3H high-rigidity safety body structure, BOSCH ABS 8.0+ EBD+ESP8.0+ 4-wheel disc brakes and other active safety systems, adjustable safety seats + seat belts + dual airbags, high-intelligence PATS anti-theft key + engine hood safety anti-theft lock.

Specification:

Main Specification	
Product Name	Automatic ambulance
Engine	2.3T 174PS L4
Max. power(kW)	128(174PS)
Max. torque (N·m)	430
Gearbox	6 speed manual
Overall Dimension(mm)	5498x2068x2485
Body structure	5 door 3 seater truck
Wheelbase(mm)	3300
Max. horsepower (Ps)	174
Max. power(kW)	128
Max. power speed (rpm)	3200
Max. torque (N·m)	430
Max. torque speed (rpm)	1400-2400
