## Product Description

### Product features:

With wireless remote control operation function, rescuers can control the trailer's winch, lift and other actions from a safe distance.  
Installed with high-definition reversing image and reversing radar, it provides clear vision for the driver in narrow space or night operation.  
The body adopts anti-rust and corrosion treatment process to prolong the service life and adapt to different climate conditions.

### Product usage:

Rescue faulty vehicles in underground parking lots and other areas with limited space to avoid collision.  
Provide rescue services for vehicles that break down during nighttime driving to ensure nighttime driving safety.  
Dealing with traffic jams caused by vehicle breakdowns in old city streets, quickly cleaning up the scene.

### Product advantages:

Wireless remote control operation guarantees the safety of rescuers and can complete rescue operations in dangerous environments.  
High-definition reversing image and radar enhance the safety and accuracy of night and narrow space operation.  
Anti-corrosion process reduces maintenance costs and improves the reliability and durability of the equipment.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:

|                     |                |
|---------------------|----------------|
| The main parameters |                |
| Drive type          | 4X2            |
| Wheelbase           | 3600mm         |
| Dimensions          | 5.995×2.3×2.3m |
| Max. speed          | 105km/h        |
| Max. horsepower     | 160hp          |
| Max. output power   | 115kW          |
| Fuel type           | diesel         |
| Number of tires     | 6              |
| Tire specifications | 7.00R16LT 8PR  |
| Displacement        | 2.498L         |
