Product Description

Isuzu 40 Tons Load-bearing Trucks Vehicle Wrecker Truck with Automatic Transmission Type

Product features:

The ISUZU tow truck has a sturdy and durable body structure, made of high-strength steel, which can withstand large pulling forces and impact forces. Equipped with an advanced hydraulic system, the operation is smooth and efficient, ensuring the accuracy and speed of troubleshooting operations. The exterior design of the vehicle is simple and elegant, with good recognition. The cab has spacious space, reasonable layout, comfortable seats and humanized control facilities. In addition, a variety of safety warning devices, such as warning lights and sirens, have been installed to improve operational safety.

Product usage:

Mainly used at the scene of road traffic accidents to tow and clean broken down vehicles and accident vehicles, and to quickly restore traffic order. Suitable for various road conditions such as urban roads and highways. Vehicles that are parked illegally or cannot be started can also be moved in parking lots, logistics parks and other places. At the same time, it can also play an important role in emergency rescue and disaster relief.

Product advantages:

high brand awareness and reliable quality. The powerful hydraulic system and solid body structure ensure strong obstacle clearance capabilities and can cope with various complex situations. The comfortable cab reduces driver fatigue and improves work efficiency. The safety warning devices are complete to ensure safe operation. The after-sales service is perfect and accessories are supplied in a timely manner to provide users with all-round support. The vehicle has better fuel economy and reduces operating costs. At the same time, ISUZU tow trucks are technologically advanced and constantly innovate and improve to meet the needs of the market.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
