Product Description

New Electric Car Paladin Automobile 2.0T Four-Wheel Drive Intelligent Version 500km 600km Dongfeng SUV Cars

Product features:

Intelligent assistance system: Equipped with L2-level driving assistance functions, including automatic emergency braking system, lane keeping assist system, intelligent cruise control system, etc., it improves driving convenience and safety.

Fuel economy: Supports 92-grade gasoline refueling, reduces vehicle use costs, and the comprehensive working condition fuel consumption is as low as 9.0L, while maintaining power while also considering economy.

Product usage:

Versatility: The equipped time-sharing four-wheel drive system and off-road auxiliary functions, such as front and rear axle differential locks and tank U-turns, increase the versatility of the vehicle and are suitable for a variety of different driving environments.

Outdoor activities: Suitable for outdoor activities such as camping and crossing, its high passability and practical design make it the first choice for outdoor enthusiasts.

Product advantages:

Off-road performance: Equipped with a time-sharing four-wheel drive system, with a low-speed four-wheel drive mode and front and rear axle differential locks, providing excellent off-road passability.

Safety configuration: Standard safety features such as anti-rollover system, reversing image, and hill descent control ensure the safety of the vehicle under various road conditions.

Specification:

Emission Standard	Euro VI
Maximum Power(Ps)	100-150Ps
Gear Box	Automatic
Displacement	1.5-2.0L
Mileage:	1---26000Miles
