Product Description

Made in China Paladin off-road performance, safe driving, comfortable space high speed 190km

Product features:

Brand reputation: As a product of Nissan, Paladin inherits Nissan's brand reputation and quality assurance, providing consumers with trust.

Market positioning: The new Paladin maintains the market positioning of a people-friendly off-road vehicle, with a high cost-effectiveness, and is competitively priced compared to other similar models on the market.

Product usage:

Urban commuting: Although Paladin emphasizes off-road performance, its modern design and comfortable driving experience are also suitable for daily commuting in the city.

Outdoor activities: Suitable for outdoor activities such as camping and crossing, its high passability and practical design make it the first choice for outdoor enthusiasts.

Product advantages:

Interior design: The interior provides a modern design, including a suspended central control screen and an LCD instrument panel, which enhances the sense of technology and luxury in the car.

Off-road performance: Equipped with a time-sharing four-wheel drive system, with a low-speed four-wheel drive mode and front and rear axle differential locks, providing excellent off-road passability.

Specification:

Emission Standard	Euro VI
Maximum Power(Ps)	100-150Ps
Gear Box	Automatic
Displacement	1.5-2.0L
Mileage:	1---26000Miles
