Product Description

Automatic Transmission HOWO Compact Refuse Collection Vehicle 12 Cubic Metre Capacity

Product features:

The bumper with two layers of metal protection pedal, its two sides of the one-piece angular headlights are particularly conspicuous, LED daytime running lights and corner curved turn signals have a very good warning effect. The standard flat-roofed short cab is equipped with an external triple stepped footrest for easy boarding and disembarkation of the vehicle's personnel, and wide-bodied black wheelbars with yellow warning lamps for alerting and indicating the width of the vehicle.

The 11.00R20 radial steel wire tyres are adopted, and the hard-metal steel wheels have very good and high reliability.

Product usage:

Compressed garbage trucks are mainly used for the flow or centralized collection of urban and rural domestic garbage.

During the entire garbage collection and transportation process, secondary pollution to the environment can be avoided.

Garbage trucks play a vital role in maintaining urban environmental sanitation, protecting public health, and promoting resource recycling.

Product advantages:

Adopting a more reliable double-layer chassis skeleton, despite the increase in the overall quality, its excellent carrying capacity is very adaptable to the rigid requirements of this type of special vehicles.

It is a new generation of compressed rubbish collection and transport vehicle independently researched and developed with reference to the advanced technology and craftsmanship of the leading rear-loading compressed rubbish trucks at home and abroad.

Haworth compressed rubbish truck adopts advanced compression technology, which can compress the rubbish volume up to 1/3 of the original, thus effectively reducing the number of transport times, saving time and cost.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.
