Product Description

Paladin Four-Wheel Drive Smart Cool Version Pickup Truck Diesel 4x4 Pickup & Suv Wheels

Product features:

Fuel economy: Supports 92-grade gasoline refueling, reduces vehicle use costs, and the comprehensive working condition fuel consumption is as low as 9.0L, while maintaining power while also considering economy.

Comfort: The seat design is ergonomic and can maintain comfort even for long-distance driving. The interior space is spacious, and the rear seats can be folded down proportionally to provide more cargo space.

Product usage:

Versatility: The equipped time-sharing four-wheel drive system and off-road auxiliary functions, such as front and rear axle differential locks and tank U-turns, increase the versatility of the vehicle and are suitable for a variety of different driving environments.

Urban commuting: Although Paladin emphasizes off-road performance, its modern design and comfortable driving experience are also suitable for daily commuting in the city.

Product advantages:

Market positioning: The new Paladin is positioned as a hard-core off-road SUV, maintaining a people-friendly market positioning and having strong market competitiveness.

Interior design: The interior provides a modern design, including a suspended central control screen and an LCD instrument panel, which enhances the sense of technology and luxury in the car.

Specification:

Emission Standard	Euro VI
Maximum Power(Ps)	100-150Ps
Gear Box	Automatic
Displacement	1.5-2.0L
Mileage:	1---26000Miles
