## Product Description

Changan V5 Multifunctional Commercial Vehicle Truck With 6 Seats

### Product features:

The top and rear of the vehicle body are optimized to improve space accommodation; wide sliding doors are used on both sides, with an appropriate height design, making cargo loading and unloading as well as passengers getting on and off more convenient and quicker.

The interior adopts a sedan design, with practical configurations such as an 8-inch MP5 central control screen, a multi-function LCD instrument panel, electric doors and windows + central locking, tire pressure monitoring, etc., which improve driving comfort and convenience.

### Product usage:

Family car. In addition to being a commercial vehicle, the six seats version is also very suitable as a family car. It can meet the needs of daily family travel and take into account certain cargo needs. For example, on weekends or holidays, you can carry large luggage, bicycles, strollers and other items to travel; it can also play an important role when you need to move or transport large items.

### Product advantages:

Versatility. The six seats version pays great attention to practicality and flexibility in functional design. It can meet the needs of family travel; it can also take into account the needs of commercial transportation; it can also be used as a mobile office and warehouse for entrepreneurs. This versatility allows the vehicle to maximize its effectiveness in different scenarios and enhance the user experience.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
