## Product Description

2024 Changan V5 Luxury 6-Seat Multi-Purpose Passenger Vehicle With Electric Powertrain

### Product features:

**Space layout:** The six-seat layout is reasonably designed, which not only ensures the comfort of passengers, but also leaves enough cargo space. There are abundant storage compartments in the car, including the front door panel, under the turn signal lever, under the steering wheel, behind the gear lever, and in front of the co-pilot, which are convenient for storing various items.

**Space optimization:** The vehicle adopts optimized design to improve space utilization, such as wide sliding doors on both sides, appropriate height design, and reasonable car floor setting, making loading and unloading of goods more convenient and efficient.

### Product usage:

**Urban logistics.** With its large space and strong carrying capacity, the six seats version is very suitable for inter-urban logistics distribution. Whether it is the delivery of goods in commercial outlets such as supermarkets, convenience stores, and restaurants, or the terminal delivery service of express companies, it can be easily handled. Its spacious compartment and reasonable space layout make loading and unloading goods more convenient and efficient.

### Product advantages:

**High cost performance.** The price is relatively affordable and has a high cost performance. It provides space, power and configuration levels that exceed its peers; while maintaining good fuel economy and durability. This allows consumers to get more benefits and satisfaction when purchasing.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:

Emission Standard	Euro IV
Type	Van
Maximum Power(Ps)	100-150Ps
