Basic Information

- Place of Origin: Henan, China
- Brand Name: HOWO
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Applicable Industries: Construction Works
- Showroom Location: None
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: Hot Product 2019
- Warranty Of Core Components: 1 Year
- Core Components: Bearing, Pressure Vessel
- Condition: New
- Drive Wheel: 4X2
- Type: Rear Loader
- Transmission Type: Automatic
- Emission Standard: Euro 3
- Fuel Type: Diesel
- Engine Capacity: 162

Product Description

Factory Direct Sales Electric Compressed Garbage Cleaning Truck 12 Cubic Meters Sanitation Truck

Product features:

The front axle adopts parabolic steel plate suspension with 11 leaf springs, which has better adaptability to the unpaved road surface where construction vehicles often come and go while meeting the reliable bearing capacity, and the vertical oil pressure shock absorber can also play the effect of buffer.

The gantry mounts at the rear of the cab

The easy-to-operate spare wheel reduces the risk of tyre leakage during transport.

Product usage:

Compressed garbage trucks are mainly used for the flow or centralized collection of urban and rural domestic garbage. During the entire garbage collection and transportation process, secondary pollution to the environment can be avoided. Garbage trucks play a vital role in maintaining urban environmental sanitation, protecting public health, and promoting resource recycling.

Product advantages:

At the same time of achieving high efficiency and environmental protection, Haworth compressed rubbish trucks also focus on the comfort and humanised design of the vehicle.

Unlike the N7G mainline logistics transport model, this N5G series model dedicated to special vehicles adopts a simple and practical four-spoke common steering wheel.

Lifting capacity of 12 square mobile

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Gross mass(kg)	18000
Maximum speed(km/h)	101
Equipment mass(kg)	11230
Discharge time(S)	≤45
