Product Description

Brand New Second-Hand Howo Garbage Truck For Sale At Low Price Sanitation Truck

Product features:

The right side of the chassis is equipped with a compact exhaust gas treatment system, which facilitates the diversification of the top loading in a compact layout.

The hydraulic oil tank with a volume of 100L provides a reliable working capacity for the uploading of the towing skeleton.

The National 6 diesel aftertreatment system is more complicated than the one used in the N7G LNG series, but even so, the use of many lightweight alloy parts ensures its reliability.

Product usage:

Compressed garbage trucks are mainly used for the flow or centralized collection of urban and rural domestic garbage.

During the entire garbage collection and transportation process, secondary pollution to the environment can be avoided.

Garbage trucks play a vital role in maintaining urban environmental sanitation, protecting public health, and promoting resource recycling.

Product advantages:

Suspension cab, airbag seat, good comfort.

With synchroniser, easy to shift gears.

Haworth-latest model-luxury cab.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Gross mass(kg)	19000
