Product Description

Product features:

Comfortable and user-friendly design. The design of the HOWO NX380 Euro II dump truck fully considers the comfort of the driver and passengers. Its cab adopts the domestically original four-point full-floating air suspension shock absorber, which can achieve the best shock absorption effect under any road conditions, making the driving process more stable and comfortable. The steering wheel is made of sedan-type flexible plastic material, which feels good and can be adjusted forward and backward, up and down to meet the needs of different drivers. In addition, the vehicle is also equipped with humanized facilities such as air conditioning, luxurious large storage box, and multi-positioned reading lights, providing a more comfortable and convenient working environment for the driver and passengers.

Product usage:

Mining. In the field of mining, the HOWO NX380 Euro II dump truck also plays an important role. The mining environment is complex and changeable, which places extremely high demands on the performance and reliability of the vehicle. With its sturdy body structure, powerful power and efficient dumping capacity, the HOWO NX380 Euro II dump truck can easily cope with various challenges in mining and ensure the smooth progress of mining work.

Product advantages:

Wide field of vision design. Large curved front windshield: HOWO NX380 Euro II dump truck adopts the widest large curved front windshield of domestic heavy trucks, and the field of vision angle meets European standards. This design not only improves the driver's field of vision, but also reduces blind spots and reduces the probability of accidents.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
