## Product Description

4\*2 diesel engine tractor trucks with manual transmission and 2 reverse shift number

### Product features:

HOWO tractors have unique appearance design and low wind resistance coefficient. It is equipped with an intelligent transmission that can automatically adjust gears according to road conditions. The interior of the car is spacious and has abundant storage space. The vehicle is also equipped with an advanced exhaust gas treatment system and meets environmental protection standards.

### Product usage:

Excellent performance in long-distance trunk transportation, connecting logistics hubs in major cities. Can transport large items such as furniture. Suitable for the distribution of daily necessities to meet market demand. Play a key role in the transportation of disaster relief supplies and respond quickly to emergencies.

### Product advantages:

Reduce wind resistance, save fuel, and improve transportation efficiency. The intelligent transmission is easy to operate and reduces driving burden. The spacious interior space provides a comfortable environment. Environmental protection meets policy requirements and operates smoothly. The vehicles have high reliability and ensure the smooth completion of transportation tasks.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
