

Segement Medium-Sized 375hp Howo Tipper Dump Trucks With Automatic Window 6x4 10 Wheels

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: Henan, China
- Brand Name: SINOTRUCK
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Right
- Horsepower: 351 - 450hp
- Emission Standard: Euro 2
- Segment: Medium-sized Truck
- Market Segment: Engineering Transportation
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Engine Capacity: < 4L
- Gear Box Brand: SINOTRUCK
- Transmission Type: Manual
- Forward Shift Number: 10
- Reverse Shift Number: 2
- Maximum Torque(Nm): 1500-2000Nm
- Dimensions (L X W X H): 8650x2550x3500

Product Description

Product features:

Technical features: The engine may use advanced technologies such as in-line, four-stroke, supercharged intercooling to improve power and economy. At the same time, it may also be equipped with advanced fuel injection systems and emission control systems to reduce emissions and noise.

Carrying capacity: The total mass, vehicle weight and rated load of the vehicle vary according to the specific configuration, but generally have a high carrying capacity. For example, the total mass of some configurations can reach 31 tons and the rated load can reach more than 18 tons, which is suitable for transporting bulk goods or heavy engineering operations.

Tires and brakes: High-performance tires and brake systems are used to ensure the stability and safety of the vehicle under various road conditions.

Product usage:

Urban construction waste soil transportation. The HOWO NX380 6*4 dump truck is suitable for the transportation of waste soil in urban construction. Its strong power, high load-bearing capacity and self-unloading function enable the vehicle to quickly and efficiently complete the waste soil cleaning and transportation tasks. In the context of the rapid development of urban construction, this model has a broad market prospect.

Mining. During mining, the HOWO NX380 6*4 dump truck can be used to transport heavy objects such as ore and slag. Its high load-bearing capacity and powerful power performance provide strong support for mining production. At the same time, the self-unloading function also facilitates the unloading of ore and improves operating efficiency.

Product advantages:

Cab lateral stabilizer: The vehicle is equipped with a domestically-innovated cab lateral stabilizer, which effectively improves the stability of the cab under complex road conditions and reduces the risk of accidents such as rollover.

High-standard welding technology: The car body is welded on a fully automatic robot production line, all of which are controlled by modern programs and have reached the world's advanced level. The high standard of welding technology ensures the stability and safety of the car body structure.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

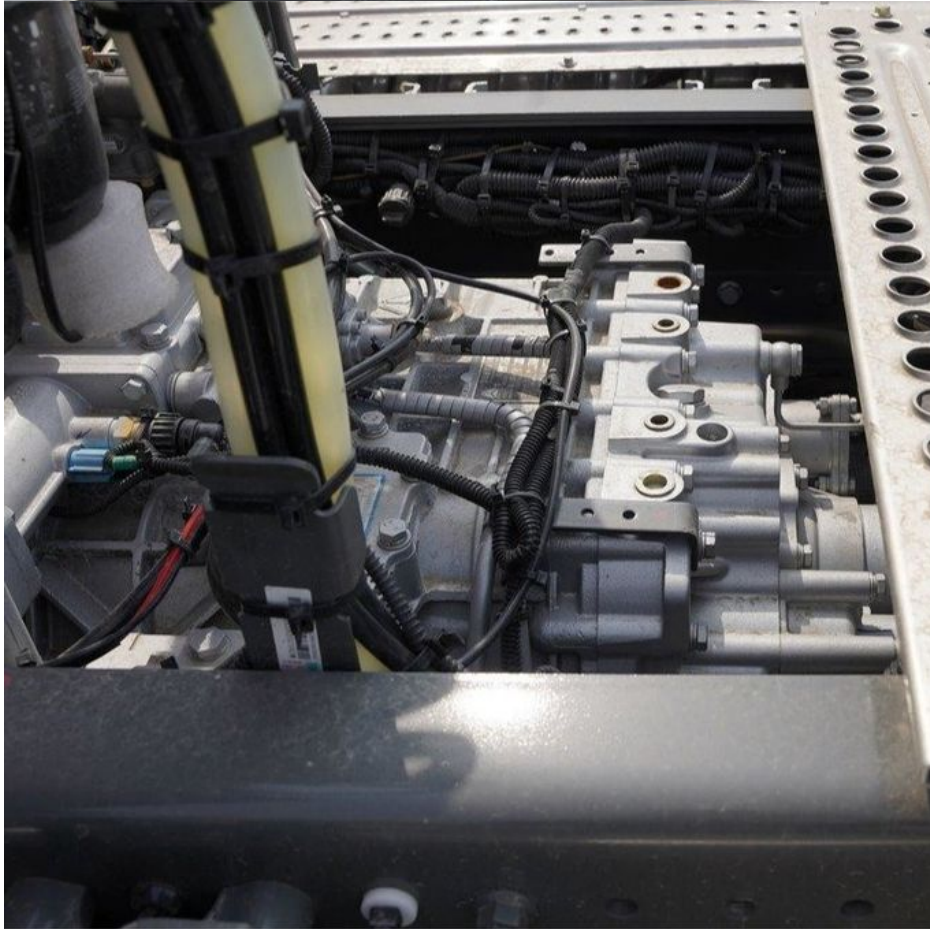

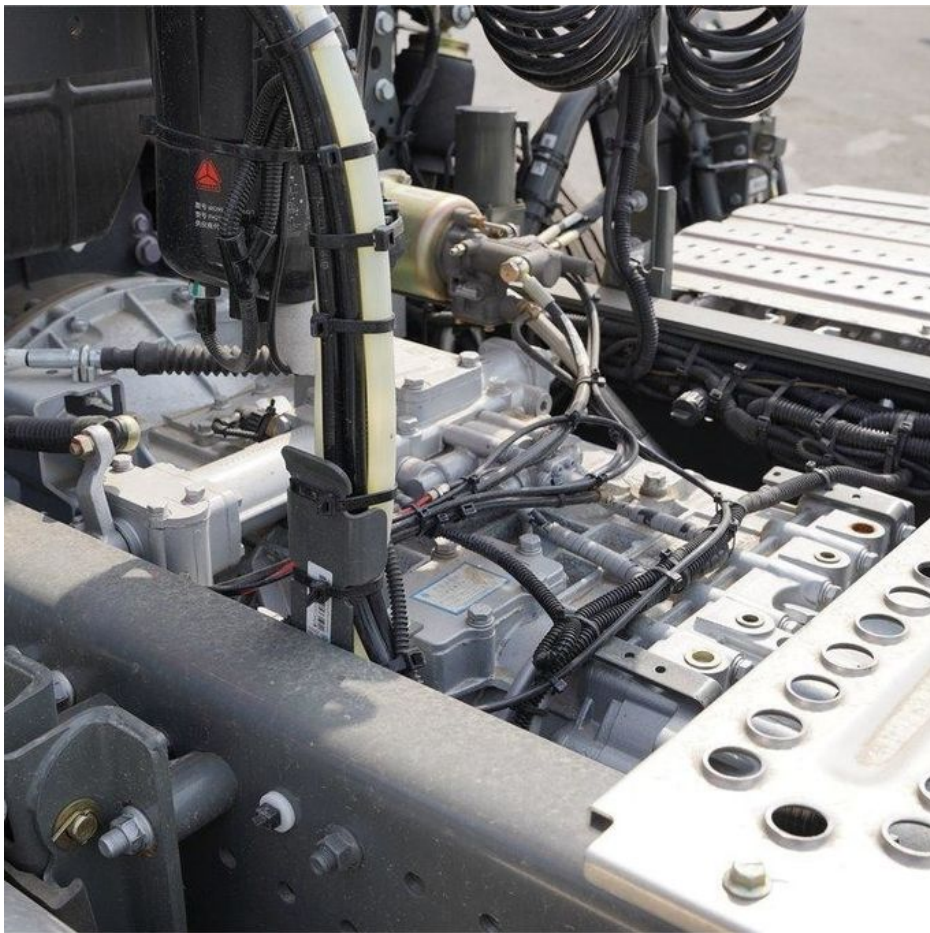

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Condition	New
Horsepower	351 - 450hp
Emission Standard	Euro 2
Market Segement	Engineering transportation
Gross Vehicle Weight	20-25T
Drive Wheel	6x4
After-sales Service Provided	Video technical support, Online support
