Basic Information

- Place of Origin: Hubei, China
- Brand Name: DONGFENG
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: Euro 6
- Segement: Heavy Truck
- Market Segement: Urban Construction Muck Transportation
- Engine Brand: DONGFENG
- Fuel Type: Diesel
- Gear Box Brand: DONGFENG
- Transmission Type: Manual
- Forward Shift Number: 12
- Reverse Shift Number: 2
- Maximum Torque(Nm): 2000-2500Nm
- Dimensions (L X W X H) (mm): 9.6*2.5*3.6

Product Description

Product features:

Specialized compartment: The compartment of the dump truck is designed to load bulk materials, such as earth and stone, building materials, etc., and can automatically dump the goods through the hydraulic system to improve loading and unloading efficiency.

Structural strength: The compartment is usually made of high-strength steel with good load-bearing capacity and durability. The frame and the longitudinal beam of the compartment are welded with high-quality manganese plates to withstand heavy loads and bumpy transportation conditions.

Product advantages:

Improve loading and unloading efficiency: The compartment of the dump truck can tip over automatically without the use of external equipment or additional labor, which greatly shortens the loading and unloading time and improves the overall transportation efficiency.

Reduce labor intensity: Due to the automation of the unloading process, dump trucks reduce the need for manual handling and reduce labor intensity, especially suitable for the transportation of heavy objects and bulk materials.

Product usage:

Construction projects: Dongfeng dump trucks are often used to transport construction materials such as sand, cement and steel, etc., to improve the loading and unloading efficiency of construction sites and reduce the workload of manual handling.

Mining transportation: In mining operations, Dongfeng dump trucks can carry a large amount of ore and slag, and quickly unload them through the dump system, improving transportation efficiency and reducing transportation costs.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Drive type	8X4
Place of Origin	China
Engine Brand	Dongfeng
Fuel type	diesel fuel
Emission Standards	Euro VI
