Product Description

Diesel Changan V5 Multi-Purpose Passenger Car 6 Seats Rear Cargo

Product features:

Strong carrying capacity: It adopts high-strength straight beam, Baosteel high-strength steel is stamped and formed in one step, double-layer beams are used in key parts, and reinforced linings are added to enhance the shear strength of the body, and the carrying capacity is strong.

In terms of chassis, it adopts McPherson independent suspension, which has stronger rear load and high driving stability; it is equipped with the largest 195/65R15 tires in microvans, which has strong grip, stable driving and better braking performance.

Product usage:

Urban logistics: Its six seats version is very suitable for inter-urban logistics distribution, such as cargo distribution in supermarkets, convenience stores, restaurants, etc., due to its large space and strong carrying capacity.

Family car: While meeting the daily travel needs of the family, it can also take into account certain cargo needs, such as carrying large luggage, bicycles, baby strollers, etc.

Entrepreneurship: For small entrepreneurs, Changan Kuayuexing V5 six-seater version can be used as both a means of transportation and a mobile warehouse, which is convenient and flexible for cargo transportation and business expansion.

Product advantages:

High cost performance: The price is relatively affordable, and it provides space, power and configuration that surpass its peers, with a high cost performance.

Versatility: The six-seat layout takes into account the needs of both riding and cargo, allowing the vehicle to maximize its effectiveness in different scenarios.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.
