

## 10m3 12cbm Heavy Duty Concrete Mixer 9 Cubic Sinotruk Concrete Mixer

Our Product Introduction

for more products please visit us on [commercial-autos.com](http://commercial-autos.com)

### Basic Information

- Place of Origin: Henan, China
- Brand Name: sitrak
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

AUTOKING

### Product Specification

- Gross Vehicle Weight: 6001-14000 Kg
- Condition: New
- Horse Power (Hp/rpm): 440HP
- Segement: Concrete Mixer Truck
- ESC(Electronic Stability Control System): Yes
- Steering: Left
- Emission Standard: Euro 6
- Market Segement: Logistics And Transportation
- Maximum Torque(Nm): 2100
- Drive Wheel: 6X4
- Seat Rows: 1
- Highlight: 12cbm Heavy Duty Concrete Mixer,  
10m3 Heavy Duty Concrete Mixer,  
9 Cubic Sinotruk Concrete Mixer

## Product Description

Howo Sinotruk 9 Cubic 10m3 12cbm Concrete Mixer Truck for Heavy Duty Diesel Engine

### Product features:

Multi-function steering wheel: entertainment adjustment, cruise control, Bluetooth phone control, simple and modern appearance, delicate wrapping material, great and comfortable driving experience

Sinotruk HOWO mixer truck, the tank is made of alloy steel, the cylinder is made of 16 manganese steel 6mm alloy steel, the blade is made of 5mm thick Baosteel 520 alloy steel, and the wear-resistant strips are installed to make the mixing more uniform and effectively reduce the residual rate of unloading. Better wear resistance and longer service life

Equipped with a 400L water tank for air pressure water supply, it can provide constant pressure, stable pressure, overflow, and provide water for timely cleaning of the interior of the mixer tank. It is also used for cleaning the body of the truck to prevent concrete from condensing on the body and avoid damage to the vehicle. There is also a water level display on the pressure water tank to facilitate operators to check the water level in the tank.

### Product advantages:

The cab of the HOWO mixer truck is reasonably designed, with a wide field of vision and good sound insulation. It is equipped with electric glass, airbag seats and other comfort configurations, creating a comfortable working environment for the driver

Through digital design, numerical simulation analysis and experimental verification of the two states of concrete, solid and liquid, the use of three-segment bending, variable pitch mixing blades, combined with mixing plates and flow holes, achieves three-dimensional mixing of concrete with better homogeneity, and completely solves the industry problems of segregation and front and back accumulation of materials during concrete transportation.

The comprehensive application of new materials, new processes and new designs, combined with MAN technology lightweight frames, lightweight axles, aluminum alloy gearboxes, fuel tanks, air reservoirs, leaf spring or rubber suspensions, lightweight tops and other lightweight assemblies, further reduces the vehicle's own weight and creates greater value and benefits for users.

### Specification:

main parameters	
Conditio	new
Horsepower	440
Segement	Concrete mixer truck
Forward Shift Number	16
Gross Vehicle Weight	14.1
Passengers	3
Rear Camera	360
ESC(Electronic Stability Control System)	yes
Steering	left
Emission Standard	Euro 6
Market Segement	Logistics and transportation
Maximum Torque(Nm)	2100
Drive Wheel	6*4

Seat Rows	1
ABS(Antilock Braking System)	yes
Touch Screen	yes
Fuel Type	diesel
Cylinders	6
Transmission Type	Manual
Fuel Tank Capacity	1000
Cruise Control	ACC
Window	automatic
Engine Brand	Weichai Power
Reverse Shift Number	2
Driver's Seat	air suspension
Multimedia System	yes
Air Conditioner	automatic
Tire Number	10
MAX SPEED	110km/h
Wheelbase	4800+1400mm
