## Product Description

Heavy Duty Diesel Engine Dongfeng 6x4 Dump Truck With 6 Cylinders And Half A Row Seat

### Product features:

The tractor is equipped with a high-performance engine, which has the characteristics of low fuel consumption and low emissions. The body adopts a lightweight design to reduce its own weight without affecting its strength. The vehicle's braking system is responsive, safe and reliable. The appearance is fashionable and elegant, with high recognition.

### Product usage:

Commonly used in the express delivery industry to ensure fast and accurate delivery of packages. Suitable for transportation of building materials, such as bricks, steel, etc. It also has outstanding performance in the field of dangerous goods transportation and strictly ensures transportation safety.

### Product advantages:

Energy saving and high efficiency, reducing operating costs. Lightweight design increases cargo capacity. The braking system is reliable and ensures driving safety. Stylish appearance enhances corporate image. The after-sales service is perfect so that users have no worries.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:
