Product Description

Product features:

The car has a large fuel tank capacity and long cruising range. Its braking system has automatic adjustment function to maintain good braking performance. The interior materials of the vehicle are environmentally friendly, healthy and have no odor. At the same time, it is equipped with an electronic stability control system to enhance vehicle stability.

Product usage:

Often used for long-distance cross-border transportation to reduce the number of refuelings. It can tow large-scale amusement facilities to meet the needs of the entertainment industry. In the field of environmental protection, transporting garbage disposal equipment, etc.

Product advantages:

Long cruising range improves transportation efficiency. The automatically adjusting braking system ensures safety. Environmentally friendly interiors protect driver health. The electronic stability system improves driving stability. The vehicle is cost-effective and has high market competitiveness.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.
