## Product Description

6x4 Heavy Truck Segment Dongfeng Mini Tractor Truck With Air Suspension Driver'S Seat

### Product features:

The tractor is equipped with an advanced intelligent cockpit integrating multiple functions. Its engine uses turbocharging technology to increase power output. The vehicle's chassis height is adjustable to adapt to different loading and unloading scenarios. At the same time, it has an emergency braking assist function to shorten the braking distance.

### Product usage:

Commonly used in the transportation of petrochemical products, strict compliance with safety regulations. It can pull stage performance props and support cultural and artistic activities. It plays an important role in military transportation.

### Product advantages:

Intelligent cockpit improves driving efficiency. Turbocharging technology enhances power. The adjustable chassis is practical and flexible. The emergency brake assist function ensures safety. The vehicle brand has a long history and the technology is mature and reliable.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
