Product Description

Dongfeng Electric Tractor Truck Head 4x2 Used HOWO With Euro 6 Emission Standard

Product features:

The tractor is equipped with a large LCD screen, which displays vehicle information clearly and intuitively. Its air conditioning system has excellent cooling and heating effects and can adapt to the needs of different seasons. The vehicle's chassis has been specially reinforced to make it durable. At the same time, it has a remote monitoring function to understand the vehicle status in real time.

Product usage:

Commonly used for transportation of chemical products, strictly comply with relevant safety standards. It can tow large RVs to meet travel needs. It plays an important role in the transportation of power equipment and ensures power construction.

Product advantages:

The clear display makes it easier for the driver to understand the vehicle's conditions. An excellent air conditioning system provides comfort. Reinforced chassis increases service life. Remote monitoring function facilitates management and maintenance. The vehicle has strong adaptability and can work normally in various harsh environments.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
