## Product Description

Intercity Delivery Left Steering 2024 6x4 380 hp HOWO Other Trucks Van Cargo Heavy Truck

### Product features:

The vehicle has a large cargo space and can meet the needs of large-scale cargo transportation. The freight truck's engine adopts energy-saving technology to ensure power output while reducing energy consumption. The vehicle's suspension system is carefully adjusted to effectively reduce bumps and damage to goods during transportation. At the same time, it is equipped with a high-definition reversing image and omnidirectional radar to facilitate driver operation in a small space.

### Product usage:

Suitable for supply and transportation of goods in large supermarkets. Can transport parts and finished products in manufacturing industries. In the resource recycling industry, waste materials and renewable materials are transported.

### Product advantages:

large cargo space, increased single transportation volume. Energy-saving technology reduces operating costs. Well-tuned suspension protects cargo. Reversing image and radar improve operational convenience. The vehicle is cost-effective and has a quick return on investment.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
