## Product Description

Mini Cold Refrigerated Truck 2t 4x2 Free Customization For Vegetable And Meat Transport

### Product features:

Freshness preservation, Refrigerated trucks can provide a constant low temperature environment to ensure that products remain fresh during transportation. Diversified applications, not only for food transportation, but also for temperature-sensitive products such as medicines and cosmetics, have a wide range of application scenarios.

### Product advantages:

Easy to park, due to its small size, mini refrigerated trucks are easier to find parking spaces, convenient for short-distance delivery; low maintenance cost, compared with large refrigerated trucks, the maintenance and maintenance costs of mini refrigerated trucks are relatively low; silent operation, electric refrigerated trucks have low noise during operation, suitable for delivery in cities at night or in quiet areas, reducing the impact on the surrounding environment

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:
