Basic Information

- Place of Origin: Henan, China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: EURO 5
- Segement: Medium-sized Truck
- Market Segement: Urban Construction Muck Transportation
- Fuel Type: Diesel
- Engine Capacity: 4 - 6L
- Forward Shift Number: 12
- Maximum Torque(Nm): 1500-2000Nm
- Cargo Tank Dimension: 4150X2300X2300
- Cargo Tank Length: 4.2-5.3m
- Gross Vehicle Weight: 5-10T
- Fuel Tank Capacity: 200-300L
- Drive Wheel: 6x4

Product Description

New Howo Dump Truck 8x4 Used Howo Dump Truck Hydraulic Pto Pump

Product features:

The wraparound center console adopts a simple and compact layout design. The side of the parking brake handle is equipped with buttons for four-corner warning lights, differential lock, fuel-saving switch and other operations. Below is the driving recorder and automatic constant temperature air conditioning control integrated.

The co-pilot seat adopts a highly inclusive seat configuration, and its built-in front folding function provides the driver with a better rest experience when parking.

This dump truck is equipped with a widened shoe brake, which has stronger braking force and shorter braking distance, and can effectively avoid dangerous situations such as brake failure.

The vehicle also has safety features such as electric hydraulic flip, desert air filter, automatic adjustment arm, axle wading bag, etc., which cooperate with ABS braking system to achieve software and hardware synergy and provide all-round safety protection.

Product advantages:

This model also comes standard with the electrically heated multi-adjustable mirrors used in the J6P trunk logistics transport model, providing the driver with a more reliable and safe vision when driving in rainy days.

The main driver's airbag seat has functions such as one-touch charging and discharging, damping adjustment and height adjustment. The highly wrapping backrest provides the driver with a more comfortable driving experience.

The four-spoke steering wheel adopts a simple design, and the mechanical instrument panel + LCD display provides the driver with good visual effects, making it easier for the driver to observe the actual operating conditions of the vehicle.
