Product Description

Medium-Sized Truck SINOTRUK HOWO Dump Truck 6*4 10 Wheels Dumping Truck Touch Screen

Product features:

The dump truck has a unique compartment structure design, a large discharge angle, and no residue. It uses high-quality tires with strong road grip and can adapt to various complex road conditions. The vehicle is also equipped with an intelligent weighing system to facilitate accurate control of cargo capacity. Its appearance is beautiful and elegant, while taking into account aerodynamics and reducing wind resistance.

Product uses:

Commonly used in rural road construction to transport cement, sand and other building materials. At the port terminal, it is used for loading and unloading bulk cargo, such as grain, ore, etc. Within large factories, transportation of raw materials and waste takes place.

Product advantages:

Unique carriage design for complete discharge. High-quality tires ensure safe and stable driving. Smart weighing systems make it easy to manage goods. Beautiful appearance enhances corporate image. The vehicle is energy-saving and environmentally friendly and complies with national emission standards. The manufacturer provides a full range of after-sales services, including door-to-door maintenance and technical guidance.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
