

450HP Used Howo Dump Truck 2500Nm Sinotruk Howo 6x4 Tipper Truck

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: EURO 5
- Segement: Medium-sized Truck
- Market Segement: Urban Construction Muck Transportation
- Forward Shift Number: 12
- Maximum Torque(Nm): 2000-2500Nm
- Cargo Tank Dimension: 6300X2350X1500mm
- Cargo Tank Length: 4.2-5.3m
- Gross Vehicle Weight: 5-10T
- Drive Wheel: 6x4
- Passengers: 3
- Rear Camera: 360°
- ABS(Antilock Braking): Yes

Product Description

Heavy Duty Truck Used Howo Dump Truck Sinotruk Howo Tipper Truck Low Price Sale

Product features:

The frame is a fully welded structure, with a closed box-section longitudinal beam to ensure high torsional strength. The carriage is also a fully welded structure, with a bucket-shaped floor that is tilted at the rear, and the bottom plate is welded from high-strength, high-hardness, impact-resistant high-quality steel plates to ensure long service life.

Mainly used in non-road environments, such as large open-pit mines, water conservancy projects, etc., for transporting coal, sand and gravel and other materials. They often work in conjunction with excavators, loaders and other construction machinery to form a loading, transporting and unloading production line to carry out loading, unloading and transportation of earth, sand and gravel, and bulk materials.

Product advantages:

Sinotruk HOWO adopts a variety of active and passive safety systems, such as anti-lock braking system (ABS), electronic stability program (ESP), etc., to ensure driving safety.

HOWO dump truck has strong loading capacity, high maximum load capacity, stable body structure, can bear heavy load, strong power, and high engine power, which can ensure good power performance

The whole vehicle is reasonably matched and reliable to use. It is suitable for transporting large items, especially in dump trucks with a compartment length greater than 6 meters. A multi-stage cylinder front-top lifting structure is generally used to ensure the stability and safety of the lifting.

HOWO dump trucks also take into account the comfort of the working environment, such as being equipped with airbag shock-absorbing seats, electric doors and windows, air conditioning, etc., as well as a suspended accelerator pedal design, which effectively filters shocks and reduces external noise, providing a more comfortable driving environment.

Specification:

main parameters	
Condition	New
Steering	left
Horsepower	380hp
Emission Standard	EURO 5
Forward Shift Number	12
Maximum Torque(Nm)	1900
Cargo Tank Dimension	6300X2350X1500mm
Drive Wheel	6X4
Passengers	3
Rear Camera	360°
ABS(Antilock Braking System)	YES
ESC(Electronic Stability Control System)	YES
Touch Screen	YES
