

HOWO Camion Used Dump Truck 6x4 31000kg 10 Wheeler Dump Truck

Basic Information

- Place of Origin: Henan, China
- Brand Name: howo
- Certification: CCC CE
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: EURO 5
- Segement: Medium-sized Truck
- Market Segement: Urban Construction Muck Transportation
- Engine Brand: Cummins
- Fuel Type: Diesel
- Engine Capacity: 6 - 8L
- Cylinders: 12
- Gear Box Brand: SINOTRUCK
- Transmission Type: Automatic
- Forward Shift Number: 12
- Reverse Shift Number: 2
- Maximum Torque(Nm): 2000-2500Nm

Product Description

HOWO Camion Used Dump Truck 6x4 10 Wheeler Dump Truck

Product features:

HOWO dump trucks have also made significant improvements in safety. For example, by setting up a transparent observation window under the right door of the cab, the blind spot when the vehicle turns right is reduced, the visual area is increased, and the Driving safety

The vehicle is also equipped with a variety of intelligent safety systems, such as 360-degree intelligent surround view, lane departure warning, right turn collision warning, AEBS intelligent emergency brake assist system, etc., to protect the safety of drivers, passengers and pedestrians in all directions.

HOWO dump truck adopts the world's advanced power transmission system, which has the characteristics of high efficiency, high reliability and low noise. Its powerful engine and excellent transmission can provide sufficient power support to ensure that the material transportation task is completed in a relatively short time.

Product advantages:

The cab is upgraded with a mechanical suspension shock absorber mechanism, which has a stronger shock filtering ability on bumpy roads. In addition, this car can also be equipped with an optional airbag suspension shock absorber with better shock absorption performance.

While the cab has an upgraded suspension mechanism, the vehicle seats also use airbag shock-absorbing seats. Users can also choose a version with multi-stage damping adjustment. In this way, the driver can get a good driving experience even when driving on unpaved roads every day.

This dump truck performs well in terms of handling. The steering wheel is well designed, precise, and has no dead space, providing a smooth driving experience. The linear response of the power and braking systems makes the driving process smoother¹.

Specification:
