

## 8\*6 HOWO Dump Truck 15T Sinotruk Mini Dump Truck For Muck Transportation

### Our Product Introduction

for more products please visit us on [commercial-autos.com](http://commercial-autos.com)

#### Basic Information

- Place of Origin: Henan, China
- Brand Name: howo
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

#### Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: Euro 2
- Segement: Heavy Truck
- Market Segement: Urban Construction Muck Transportation
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Gear Box Brand: SINOTRUCK
- Transmission Type: Manual
- Forward Shift Number: 10
- Reverse Shift Number: 2
- Maximum Torque(Nm): 1500-2000Nm
- Dimensions (L X W X H) (mm): 10800\*2550\*3500

## Product Description

### 8\*6 HOWO Dump Truck Your Trusted Option For Urban Construction Muck Transportation

#### Product features:

**Engine configuration:** The HOWO NX380 8\*4 dump truck is equipped with the Sinotruk MC09.38-50 engine, which is known for its excellent power performance. The maximum horsepower can reach 380 horsepower, the maximum output power is 276kW, and the maximum torque reaches 1800N·m. The maximum torque can be output within the speed range of 1100-1400rpm, ensuring that the vehicle can have strong power output under various working conditions.

**Emission standards:** Although it is marked as the "Euro II" emission standard, it should be noted that most countries and regions in the current market have adopted more stringent emission standards (such as Euro VI and National VI). Therefore, the Euro II version may be mainly suitable for some regions or specific application scenarios with relatively loose emission standards.

**Engine technology:** The engine adopts inline, four-stroke, turbocharged intercooling technology, and is equipped with a BOSCH high-pressure common rail CP3.4+ system. These advanced technologies not only improve the power and economy of the engine, but also reduce emissions and noise.

#### Product usage:

**Urban construction waste soil transportation.** The HOWO NX380 8\*4 dump truck is suitable for the transportation of waste soil in urban construction. Its strong power, high load-bearing capacity and dump function enable the vehicle to quickly and efficiently complete the waste soil cleaning and transportation tasks.

**Road transportation.** In the field of road transportation, this model can be used to transport bulk goods, construction materials, etc. Its stable performance and good passability enable the vehicle to adapt to various road conditions and transportation needs.

#### Product advantages:

**Powerful power.** The Sinotruk MC09.38-50 engine provides the vehicle with strong power output, ensuring that the vehicle can maintain excellent performance under various working conditions.

**Strong carrying capacity.** The total mass of the vehicle is as high as 31 tons, and it has different carrying capacities depending on different configurations. This allows the vehicle to easily cope with various heavy-load transportation and operation requirements.

#### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

#### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

#### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

#### Specification:

Condition	New
Horsepower	351 - 450hp
Emission Standard	Euro 2
Market Segement	Engineering transportation
Gross Vehicle Weight	20-25T
Drive Wheel	6x4
After-sales Service Provided	Video technical support, Online support
