

12m3 Mobile Concrete Mixer Truck 6*4 Self Loader Concrete Mixer

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

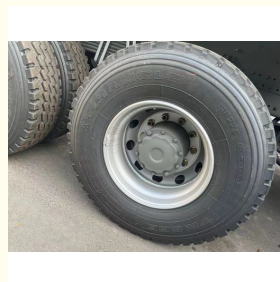

Product Specification

- Applicable Industries: Building Material Shops, Manufacturing Plant, Construction Works
- Showroom Location: Brazil, Peru, Mexico, Russia, Argentina, Chile
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: New Product 2020
- Warranty Of Core Components: 3 Years
- Core Components: Engine, Gearbox, Motor
- Condition: New
- Weight: 14100 Kg
- Warranty: 2 Years
- UNIQUE SELLING POINT: High Operating Efficiency
- Highlight: **12m3 Mobile Concrete Mixer Truck, 6*4 Self Loader Concrete Mixer, 10m3 Self Loader Concrete Mixer**

Product Description

Howo Mobile Self Loading Concrete Mixer 12 Cubic Meters Concrete Mixer Truck

Product features:

The tank body adopts electrostatic ceramic powder coating technology, which is easy to clean and not easy to fall off. The stirring transmission adopts the hydraulic system imported from Italy, aluminum alloy accessories, and forced stirring blades. It can be equipped with intelligent systems such as electronic constant speed, intelligent anti-collision, intelligent weighing, remote control, water metering, and tank mouth sealing, which greatly reduces the labor intensity of operators and improves convenience and safety.

The all-metal three-section bumper is easy to install and can be installed and removed with simple tools. If it is not severely deformed, sheet metal repair can be performed.

The split headlights are installed separately from the headlights, fog lights, and turn signals. After a collision, only the individual parts need to be replaced. Compared with the previous integrated bumper and combination headlights, its maintenance convenience is greatly improved.

Product advantages:

The cab is designed with ergonomics, a flat floor, and a spacious living room-style interior. The wide front windshield further reduces the blind spot. The multi-adjustable airbag shock-absorbing seat is comfortable to sit on and has a strong wrapping effect. The four-spoke multi-function steering wheel is of moderate specifications and feels comfortable to grip.

The round instruments on the dashboard highlight the youthful elements, and the data can be read clearly. The various control switches on the semi-enclosed surround workbench are reasonably arranged and within the reach of the driver. The display screen has a 1024×600 high-definition resolution, clear display, beautiful shape, and multiple functions such as WIFI, Bluetooth, vehicle monitoring, and smart communication. It also has a one-button lifting function for doors and windows, which can be realized by pressing the switch for 1s.

The vehicle is equipped with CIMC Lingyu patented tank body, which is made of the latest generation of high-strength wear-resistant steel for mixer trucks. The inlet and outlet hoppers and chute and other impact-bearing parts are made of three-layer wear-resistant materials. The blades are made of high-strength wear-resistant steel plus wear-resistant strips, which have long service life and high reliability.

Specification:

main parameters	
Conditio	new
Horsepower	440
Segement	Concrete mixer truck
Forward Shift Number	16
Gross Vehicle Weight	14.1
Passengers	3
Rear Camera	360
ESC(Electronic Stability Control System)	yes
Steering	left
Emission Standard	Euro 6
Market Segement	Logistics and transportation
Maximum Torgue(Nm)	2100
Drive Wheel	6*4

Seat Rows	1
ABS(Antilock Braking System)	yes
Touch Screen	yes
Fuel Type	diesel
Cylinders	6
Transmission Type	Manual
Fuel Tank Capacity	1000
Cruise Control	ACC
Window	automatic
Engine Brand	Weichai Power
Reverse Shift Number	2
Driver's Seat	air suspension
Multimedia System	yes
Air Conditioner	automatic
Tire Number	10
MAX SPEED	110km/h
Wheelbase	4800+1400mm
