

8656 2525 3210 Sinotruk Tractor Head With 8 Forward Gears And Cruise Control

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Brand Name: SINOTRUCK
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: EURO 5
- Segement: Medium-sized Truck
- Market Segement: Logistics Transportation
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Engine Capacity: 4 - 6L
- Cylinders: 6
- Gear Box Brand: SINOTRUCK
- Transmission Type: Automatic
- Forward Shift Number: 8
- Reverse Shift Number: 2
- Maximum Torque(Nm): 1500-2000Nm

Product Description

Sinotruk tractor with 8 forward gears and cruise control

Product features:

Fuel-saving and environmental protection: Some tractors use advanced fuel-saving technology to reduce fuel consumption while ensuring power. For example, the hybrid technology of some models can effectively reduce fuel consumption.

Comfortable cab: The cab has a large space, humanized interior design, comfortable seats, spacious berths and abundant storage space, which can effectively reduce the fatigue of long-distance driving.

Product usage:

Sand and gravel transportation: For the southern sand and gravel transportation market, Dongfeng Huashen T7 tractor not only has outstanding appearance, but its configuration also meets the transportation needs.

Short-reverse transportation: Dongfeng commercial vehicle heavy trucks can be used for short-reverse transportation scenarios such as resource transportation, suitable for retail purchases, and can meet the needs of ground road transportation.

Product advantages:

Extend the life of the whole vehicle: Due to the power assistance of the motor, the engine and the motor can be in the best working state without overload, thereby extending the service life of both.

Improve safety: Taking Dongfeng Tianlong KL hybrid tractor as an example, it will recover energy when braking on a long downhill slope. The working state of the motor is similar to that of a hydraulic retarder, which can improve the downhill braking force of the whole vehicle, reduce the wear of the brake system, and charge the motor.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Bulletin Model.	ZZ4257V344KF1
Drive Type.	6X4
Wheelbase.	3225+1350mm
Engine:	China National Heavy Duty Truck MC13H.51-61
Gearbox:	Zhongbai Lan Synopsis SINOTRUK 16 gears
Length.	7.215 meters
Width.	2.53m
Height.	3.82m
Gross Mass.	25 tons
Gross Towing Mass.	40 tons
