

15T-20T Howo Dump Truck 8*4 6*4 4*2 LHD RHD Sino Truck HOWO Motor

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1
- Price: Available for negotiation
- Packaging Details: Waxing in Bulk ship, Roro ship, Container
- Delivery Time: 30-45 working days
- Payment Terms: T/T
- Supply Ability: 1,000 units per month

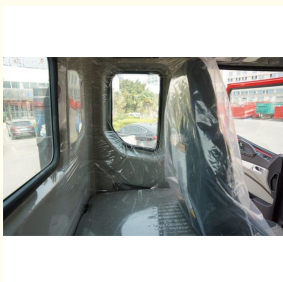

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: Euro 2
- Segement: Heavy Truck
- Market Segement: Urban Construction Muck Transportation
- Forward Shift Number: 10
- Maximum Torque(Nm): 1500-2000Nm
- Cargo Tank Dimension: 7600*2300*1500mm
- Cargo Tank Length: 6.2-8m
- Gross Vehicle Weight: 15-20T
- Drive Wheel: 8X4
- Passengers: 2
- Rear Camera: None
- ABS(Antilock Braking): Yes

Product Description

Gross Vehicle Weight 15-20T Heavy Truck Howo Dump Truck 8*4 6*4 4*2 LHD RHD Sino Truck

Product features:

Durability and reliability. HOWO Motors is known for the durability and reliability of its products. The NX380 series uses high-quality materials and advanced technology in the design and manufacturing process to ensure that the vehicle can operate stably in various harsh environments, reducing failure rates and maintenance costs.

Maneuverability and comfort. Vehicle maneuverability is crucial for commercial vehicles. The right-hand drive version of HOWO NX380 has been optimized in terms of maneuverability to ensure that the driver can drive easily and maintain the stability and safety of the vehicle even under complex and changeable road conditions. At the same time, the spacious interior space and comfortable seats provide a good riding experience for the driver and passengers.

Advanced configuration. HOWO NX380 is equipped with a number of advanced configurations, such as automatic transmission, air conditioning system, ABS anti-lock braking system, ESP body stability system, etc., which improves the driving convenience and safety of the vehicle. In addition, some high-end models may also be equipped with intelligent driving assistance systems, such as lane departure warning, blind spot monitoring, etc., which further improve driving safety.

Product usage:

Mining operations. For mining operations, the right-hand drive Euro II version of the HOWO NX380 also has unique advantages. The mining operation environment is harsh, and the durability and power performance of the vehicle are extremely high. With its sturdy body structure and powerful power output, the HOWO NX380 can easily cope with the harsh working conditions of the mine and ensure the smooth progress of the operation.

Special operations. The right-hand drive Euro II version of the HOWO NX380 can also be customized according to customer needs for various special operations. Such as fire trucks, rescue trucks, sprinkler trucks, etc., by adding corresponding equipment and devices, it can meet the special needs of different fields.

Product advantages:

Reliable and durable. As a commercial vehicle, HOWO NX380 focuses on durability during the design and manufacturing process. The body frame made of high-strength steel and the specially reinforced chassis system enable the vehicle to withstand high-intensity operations under harsh working conditions and extend its service life. This saves customers repair and replacement costs and improves operational efficiency.

High efficiency and energy saving. The engine equipped with HOWO NX380 has been optimized and adjusted, which is not only powerful but also fuel-efficient. This helps reduce customers' operating costs and improve economic benefits. At the same time, the vehicle's efficient performance also ensures efficient completion of tasks and improves customer satisfaction.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Condition	New
Horsepower	351 - 450hp
Emission Standard	Euro 2
Market Segement	Engineering transportation
Gross Vehicle Weight	20-25T
Drive Wheel	6x4
After-sales Service Provided	Video technical support, Online support
