Product Description

Howo 10 Ton Wrecker Tow Truck Rotator Diesel Fuel Type Dimensions L X W X H Mm 5995x2300x2400

Product features:

This tow truck is equipped with a powerful towing device with strong pulling force and can easily handle various trapped vehicles. The body is made of high-strength steel, which is durable and has strong impact resistance. The operation control system is intelligent and easy to understand, making it easy for operators to get started quickly. At the same time, the vehicle is equipped with an efficient lighting system to ensure that night operations can be clearly visible.

Product usage:

Mainly used for rescue and towing of vehicles in road traffic accidents to quickly restore traffic order. It is suitable for cleaning up broken down vehicles on urban roads to ensure smooth roads. Vehicles that are parked illegally or cannot be started can also be towed in the parking lot.

Product advantages:

Strong drag force, able to handle various complex situations. Sturdy body structure for long service life. The intelligent operating system reduces the difficulty of operation and improves work efficiency. Efficient lighting system ensures safe operation at night. Vehicle maintenance costs are low and cost-effective.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
