Product Description

4*2 8 T Flatbed Road Wrecker Towing Truck Alumina Rollback Flatbed Wrecker Tow Truck

Product features:

Towing function: The tow truck is equipped with several winches, which are used to cooperate with the main boom and the anchor feet (fixed pulleys) fixed on site to complete the straightening of various types of overturned vehicles and to pull vehicles that have overturned in deep ditches.

Towing function: The tow truck can tow away the damaged vehicle lifted at one end; it can also use the towing rod to tow away the accident vehicle with an undamaged axle.

Product usage:

Road rescue: Flatbed tow trucks can quickly respond to accident vehicles or faulty vehicles on the road, provide rescue services, help vehicles get out of trouble, and restore smooth traffic.

Illegally parked vehicle towing: For vehicles parked in violation of traffic rules, flatbed tow trucks can tow to maintain traffic order.

Product advantages:

Versatility: Flatbed tow trucks can not only tow damaged vehicles, but also lift and carry vehicles through additional equipment such as vehicle cranes, which improves the flexibility and efficiency of rescue.

Low maintenance cost: The simple structure makes the flatbed tow truck low in daily maintenance and maintenance, which is conducive to long-term use.

Specification:

Brand Name	JAC
Type	One-to-one tow truck
place of Origin	China
