Our Product Introduction

for more products please visit us on [commercial-autos.com](http://commercial-autos.com)

### Basic Information

- Place of Origin: Hubei, China
- Brand Name: jac
- Price: CN¥47,067.15/units 1-4 units

### Product Specification

- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Core Components: Engine, Gearbox, Motor
- Drive Wheel: 4X2
- Type: Compactor
- Transmission Type: Automatic
- Emission Standard: Euro 4
- Fuel Type: Diesel
- Engine Capacity: 110
- Size: 6920\*2100\*2520
- Gross Vehicle Weight: 5280
- Warranty: 1 Year
- Weight (KG): 3500 Kg
- Curb Weight(Kg): 5280
- Persons In Cab: 2

## Product Description

### Product features:

The compression process of the refuse station adopts progressive technology, gradually compacting the refuse, avoiding damage to the components caused by sudden impact, prolonging the life of the equipment and reducing maintenance costs. Equipped with user-friendly operation handrails and pedals, it is convenient for staff to get on and off the equipment for maintenance, guaranteeing operation safety and improving work enthusiasm.

The power system is equipped with turbocharging technology, which improves the power output, adapts to the demand of heavy-duty rubbish transport, ensures efficient operation, and accelerates the speed of rubbish removal.

### Product usage:

Apply to temporary construction sites, move flexibly with the progress of the project, easy to transfer after completion, reduce site occupation and improve the efficiency of resource utilisation.

In rural fairs, temple fairs and other cyclical activities, efficient rubbish disposal during the event, convenient storage after the event, restoring the original state of the site, to ensure the smooth progress of the event.

Used in urban emergency rescue sites, quickly clean up debris and rubbish, help restore order, protect urban safety, and provide support for rescue and disaster relief.

### Product advantages:

Progressive compression extends equipment life, stable operation, reduces maintenance costs and improves equipment reliability.

Humanised design protects staff operation safety and convenience, improves work motivation and work efficiency.

Turbocharging power to meet the heavy-duty needs of special scenes, efficient operation, accelerate the progress of rescue, and provide protection for urban emergency.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:

Overall Dimensions (mm)	4000×2295×2450
Waste bin volume (m <sup>3</sup> )	6
Tipping bucket volume (m <sup>3</sup> )	3
Max lifting force of tipping bucket (T)	1.5
Feed inlet height (mm)	1600
Bottom beam width (mm)	1060
Guiding wheel track width (mm)	2200
