

China Factory Direct Sale Geely 14 Cubic Meter Baby Waste Collector Refuse Compressor Vehicle Garbage Compactor Truck

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: Hubei, China
- Brand Name: jac
- Price: CN¥47,067.15/units 1-4 units

Product Specification

- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Core Components: Engine, Gearbox, Motor
- Drive Wheel: 4X2
- Type: Compactor
- Transmission Type: Automatic
- Emission Standard: Euro 4
- Fuel Type: Diesel
- Engine Capacity: 110
- Size: 6920*2100*2520
- Gross Vehicle Weight: 5280
- Warranty: 1 Year
- Weight (KG): 3500 Kg
- Curb Weight(Kg): 5280
- Persons In Cab: 2

Product Description

Product features:

Adopting double-layer sealing structure design, the inner layer prevents seepage and the outer layer isolates odour, double safeguard prevents the spread of pollution, effectively protects the surrounding environment and guards the green water and green mountains.

The mobile chassis is equipped with a lifting function, which can be adjusted according to the height of the transport vehicle to achieve seamless docking, accelerate the speed of rubbish transfer, and improve the efficiency of transport.

Product usage:

Applied in waste classification pilot districts to help residents develop classification habits, improve classification accuracy, promote the development of environmental protection and contribute to the construction of beautiful homes.

Next to municipal roads, collecting and sweeping rubbish, fallen leaves, etc., to keep the roads clean and tidy, enhance the city's image and show the city's style.

Used in small commercial centres to deal with the rubbish of catering, retail and other shops, maintain the commercial image, attract customers and promote commercial prosperity.

Product advantages:

Double-layer sealing to eliminate secondary pollution, environmentally friendly and reliable, in line with urban environmental health standards, creating a healthy living environment for the public.

The lifting chassis optimises the transfer process, improves efficiency, reduces rubbish transfer time, and improves overall operational efficiency.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Overall Dimensions (mm)	4000×2295×2450
Waste bin volume (m ³)	6
Tipping bucket volume (m ³)	3
Max lifting force of tipping bucket (T)	1.5
Feed inlet height (mm)	1600
Bottom beam width (mm)	1060
Guiding wheel track width (mm)	2200
