

## Large Hook Arm Garbage Truck With Mobile Garbage Station Dongfeng T5 Self Loading And Unloading Garbage Truck

Our Product Introduction

for more products please visit us on [commercial-autos.com](http://commercial-autos.com)

### Basic Information

- Place of Origin: Hubei, China
- Brand Name: jac
- Price: CN¥54,308.25/units 1-4 units

### Product Specification

- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Core Components: Engine, Gearbox, Motor
- Drive Wheel: 4X2
- Type: Compactor
- Transmission Type: Automatic
- Emission Standard: Euro 4
- Fuel Type: Diesel
- Engine Capacity: 110
- Size: 6920\*2100\*2520
- Gross Vehicle Weight: 5280
- Warranty: 1 Year
- Weight (KG): 3500 Kg
- Curb Weight(Kg): 5280
- Persons In Cab: 2

## Product Description

### Product features:

Compact and exquisite appearance design, small footprint, can be flexibly placed in the narrow corners of the old urban neighbourhoods, hutongs and other confined space, perfectly adapted to the status quo of urban land constraints. Built-in advanced hydraulic compression mechanism, compression ratio up to 4:1, can quickly compact the loose rubbish, greatly improve the storage space utilisation and increase the single waste disposal capacity. Equipped with a convenient quick docking device, it seamlessly connects with all kinds of rubbish removal vehicles, making the unloading and transferring process highly efficient and smooth, and greatly shortening the rubbish stopping time.

### Product usage:

Widely used in old urban neighbourhoods to solve the problem of rubbish accumulation due to space constraints, keep the neighbourhood tidy and hygienic, and enhance the living comfort of residents. In small commercial streets, timely cleaning of packaging rubbish and food waste generated by merchants and customers, etc., to maintain the commercial atmosphere and attract customers to visit. Used for temporary activities on school campuses, such as sports meets and cultural performances venues, to ensure environmental hygiene during the activities and create a good atmosphere for teachers and students.

### Product advantages:

Compact appearance fits the demand for urban space, convenient site selection, does not occupy too much public land, and makes full use of limited space. High compression ratio significantly increases the storage capacity of single waste, reduces the frequency of transport, saves transport expenses and improves the efficiency of resource utilisation. Convenient docking reduces transit time, improves overall removal efficiency, ensures timely disposal of waste and avoids waste accumulation.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### Specification:

Overall Dimensions (mm)	4000×2295×2450
Waste bin volume (m <sup>3</sup> )	6
Tipping bucket volume (m <sup>3</sup> )	3
Max lifting force of tipping bucket (T)	1.5
Feed inlet height (mm)	1600
Bottom beam width (mm)	1060
Guiding wheel track width (mm)	2200
