

Hot Selling Dumpster Construction Waste Truck Body Garbage Compactor Truck For Sale

Our Product Introduction

for more products please visit us on commercial-autos.com

Basic Information

- Place of Origin: Hubei, China
- Brand Name: jac
- Price: CN¥39,826.05/units 1-4 units

Product Specification

- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Core Components: Engine, Gearbox, Motor
- Drive Wheel: 4X2
- Type: Compactor
- Transmission Type: Automatic
- Emission Standard: Euro 4
- Fuel Type: Diesel
- Engine Capacity: 110
- Size: 6920*2100*2520
- Gross Vehicle Weight: 5280
- Warranty: 1 Year
- Weight (KG): 3500 Kg
- Curb Weight(Kg): 5280
- Persons In Cab: 2

Product Description

Product features:

The mobile refuse collection station adopts modular assembly design, each component is easy to disassemble, replace and repair, as flexible as building blocks, which can quickly solve the equipment failure and shorten the downtime.

It has a multi-functional rubbish entrance, which can accept different types of rubbish at the same time, such as recyclables, hazardous rubbish, and other rubbish, and is equipped with clear classification markings and guiding devices at the entrance, which helps the implementation of rubbish classification.

The dumping door is wide and electrically controlled with automatic opening and closing function, which makes the dumping fast and thorough, and is well sealed to prevent waste residue and leakage.

Product usage:

Applicable to the pilot community of waste classification, assisting residents to carry out waste classification and preliminary processing, promoting environmental protection work to take root and improving the resource recycling rate.

In large-scale factory parks, centralised treatment of industrial waste and employees' living waste generated during the production process, to ensure a clean environment and promote safe production in the park.

Product advantages:

Modular design reduces the difficulty of maintenance, improves equipment availability, reduces the accumulation of rubbish due to equipment failure, and guarantees a smooth rubbish disposal process.

Multi-functional entrance adapts to the demand of waste classification, improves the convenience of residents' classification and puts in the rubbish, promotes the recycling of resources, and adds bricks and mortar to the cause of environmental protection.

The wide discharge door improves the transfer efficiency, avoids rubbish residue, ensures the next rubbish collection work to be carried out smoothly, and improves the overall operational efficiency.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Overall Dimensions (mm)	4000×2295×2450
Waste bin volume (m ³)	6
Tipping bucket volume (m ³)	3
Max lifting force of tipping bucket (T)	1.5
Feed inlet height (mm)	1600
Bottom beam width (mm)	1060
Guiding wheel track width (mm)	2200
