

Environmentally Friendly Mobile Garbage Truck Mobile Garbage Compression System Compactor Machine for Garbage Station

Our Product Introduction

Basic Information

- Place of Origin: Hubei, China
- Brand Name: jac
- Price: CN¥47,067.15/units 1-4 units

Product Specification

- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Core Components: Engine, Gearbox, Motor
- Drive Wheel: 4X2
- Type: Compactor
- Transmission Type: Automatic
- Emission Standard: Euro 4
- Fuel Type: Diesel
- Engine Capacity: 110
- Size: 6920*2100*2520
- Gross Vehicle Weight: 5280
- Warranty: 1 Year
- Weight (KG): 3500 Kg
- Curb Weight(Kg): 5280
- Persons In Cab: 2

Product Description

Product features:

Adopting high-strength corrosion-resistant steel to build the overall frame, the structure is stable and can resist the collision of rubbish dumping and the erosion of harsh climate.

Equipped with advanced pre-compression device, preliminary compression of rubbish before it enters the storage bin, improving space utilisation.

Various ways to move, tracked and wheeled options, tracked to adapt to rugged terrain, wheeled steering flexible, suitable for city streets.

The refuse station is equipped with a ventilation and deodorisation system, using activated carbon adsorption and air circulation technology to eliminate odours.

Product usage:

Applied in mountainous countryside, collecting living rubbish from scattered farmers to improve the rural living environment. In small construction sites, centralised treatment of waste building materials and packaging materials generated from construction.

Used in temporary bazaar and temple fair venues to quickly clean up rubbish and restore the venue to its original state after the event.

Product advantages:

Sturdy material reduces maintenance frequency and saves long-term maintenance cost.

Pre-compression increases waste storage capacity, reduces transport frequency and lowers transport costs.

Flexible and mobile for on-demand deployment, covering remote and hard-to-reach areas.

Ventilation and deodorisation for a cleaner environment.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Overall Dimensions (mm)	4000×2295×2450
Waste bin volume (m ³)	6
Tipping bucket volume (m ³)	3
Max lifting force of tipping bucket (T)	1.5
Feed inlet height (mm)	1600
Bottom beam width (mm)	1060
Guiding wheel track width (mm)	2200
