Product Description

Product features:

With advanced navigation system, it can accurately plan the optimal rescue route, avoid congested roads and ensure fast arrival at the rescue site.
Installed with clear warning lights and loud sirens, it can effectively warn other vehicles during traveling and open a channel for rescue.
Adopting silent design of engine and suspension system to reduce the traveling noise, providing a quiet environment for patients to rescue and treatment, and at the same time reducing the interference to the surrounding environment.

Product usage:

Perform first-aid tasks in the complex urban traffic environment, quickly shuttle through the streets and send patients to the hospital in a timely manner.
For nighttime emergency work, with the help of warning lights and sirens to ensure smooth passage in poorly lit conditions.
Provide first aid services for schools, communities and other densely populated areas to protect the lives of residents.

Product advantages:

Precise navigation improves rescue efficiency and reduces road time loss.
Eye-catching warning equipment to protect the rescue vehicle priority right of way, quickly clear the road.
Quiet design is conducive to patient rest, and also meets the emergency needs of noise-sensitive areas.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Main Specification	
Product Name	Automatic ambulance
Engine	2.3T 174PS L4
Max. power(kW)	128(174PS)
Max. torque (N·m)	430
Gearbox	6 speed manual
Overall Dimension(mm)	5498x2068x2485
Body structure	5 door 3 seater truck
Wheelbase(mm)	3300
Max. horsepower (Ps)	174
Max. power speed (rpm)	3200

Max. torque (N·m)	430
Max. torque speed (rpm)	1400-2400
