Product Description

Product features:

Equipped with a professional stretcher system with fast lifting and folding functions, it is easy to get on and off the vehicle and operate in narrow spaces, and the stretcher is smooth and comfortable, reducing the pain when the patient moves. The vehicle is equipped with an independent oxygen supply system, which can adjust the oxygen flow according to the patient's needs, ensuring that the patient receives sufficient oxygen support during the transfer process. Automatic External Defibrillator (AED) is installed in the vehicle, which can defibrillate patients with cardiac arrest quickly in emergency situations and improve the success rate of resuscitation.

Product usage:

Mainly used for patient transfer between the emergency scene and the hospital, safely and smoothly send the patient to the hospital for follow-up treatment.

In the family first aid scenario, it assists in the rapid transfer of patients with sudden illnesses to the hospital, and strives for golden treatment time for the patients.

Provide medical transfer services for nursing homes and other elderly organizations to protect the health and safety of the elderly.

Product advantages:

Convenient stretcher system enhances the transfer efficiency and reduces the burden of medical personnel.

Independent oxygen supply and AED equipment provide timely and effective life support for patients.

Meets the needs of various transportation scenarios and protects the emergency medical needs of different patient groups.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.
