Basic Information

Product Specification

- Model NO.: ISUZU Kv100 Cargo Truck
- Transmission Type: Manual
- Emission Standard: Euro 4
- Power: Diesel
- Load Capacity: 1-10t
- Drive Wheel: 4x2
- Shape: Double Bridge
- Seats: ≤5
- Horsepower: 150hp
- Engine Capacity: 4L
- Tire Design: Tubeless
- Condition: New
- Reverse Shift Number: 1
- Forward Shift Number: 5
- Seat Rows: Single Row

Product Description

Product features:

The vehicle is equipped with advanced shock absorbing system, which can effectively filter the bumps on the road and reduce the vibration of the goods during transportation, especially suitable for transporting fragile cold chain goods.

The interior of the compartment is made of antibacterial material, which can inhibit the breeding of bacteria and maintain a hygienic environment in the compartment, which is in line with the transportation standards of food, medicine and other high-demand industries.

Isuzu refrigerated truck is installed with intelligent lighting system, the light inside the compartment is sufficient and even, which is convenient for cargo loading and unloading and checking, meanwhile, it has auto-sensing function, the light will be on automatically when a person enters the compartment, and it will be off automatically when he or she leaves, which saves energy.

Product usage:

Transportation of glass bottled refrigerated drinks, precision medical instruments and other fragile goods, shock absorption system to reduce the risk of cargo breakage.

Provide safe and hygienic cold chain transportation services for food processing factories and pharmaceutical companies, and the antibacterial material protects the goods from bacterial contamination.

When cargo loading and unloading operations are carried out in warehouses, logistics parks and other places, the intelligent lighting system provides convenience and improves operational efficiency.

Product advantages:

Good shock absorption performance protects cargo safety, reduces cargo loss, and lowers economic losses

Antibacterial compartments create a healthy transportation environment, improve cargo quality, and meet high-end customer needs.

Intelligent lighting facilitates operation and energy-saving design reduces operating costs.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?
