Product Description

Product features:

Equipped with advanced vital signs monitoring system, it can monitor the patient's heart rate, blood pressure, oxygen saturation and other vital signs data in real time, and transmit the data to the hospital, so that the hospital can prepare for treatment in advance.

The vehicle is equipped with heating and cooling systems, which can adjust the temperature inside the vehicle according to the patient's needs and the external environment, providing a comfortable treatment environment for the patient.

Intelligent lighting system can automatically adjust the brightness and angle of the light according to different treatment scenes and light conditions, which is convenient for medical personnel to operate.

Product usage:

Used for long-distance transportation of patients, continuous monitoring of the patient's vital signs in the process of long-distance transportation, to protect the safety of patients.

In cold or hot weather to perform first aid tasks, adjust the temperature inside the car, improve patient comfort, conducive to treatment.

Whether it is a daytime or nighttime emergency scene, the intelligent light illumination provides a good operating field of vision for the medical staff.

Product advantages:

Real-time vital signs monitoring provides the basis for hospitals to formulate treatment plans in advance, improving the success rate of treatment.

Suitable temperature environment helps patients recover and improves the treatment effect.

Intelligent lighting improves the convenience and accuracy of operation and ensures smooth treatment.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

Specification:

Main Specification	
Product Name	Automatic ambulance
Engine	2.3T 174PS L4
Max. power(kW)	128(174PS)
Max. torque (N·m)	430
Gearbox	6 speed manual
Overall Dimension(mm)	5498x2068x2485
Body structure	5 door 3 seater truck
Wheelbase(mm)	3300
Max. horsepower (Ps)	174

Max. power speed (rpm)	3200
Max. torque (N·m)	430
Max. torque speed (rpm)	1400-2400
