Basic Information

Product Specification

- Model NO.: ISUZU M100
- Payload: 5-10 Ton
- Emission Standard: Euro 6
- Transmission Type: Manual
- Horsepower: 150hp
- Fuel: Diesel
- Bearing Capacity: Medium
- Car Type: The Semi-Trailer
- Condition: New
- Truck Model: Ak5070xlcl6
- Curb Weight(Kg): 3500
- Total Mass(Kg): 7360
- Max Speed(Km/H): 110
- Persons In Cab: 3
- Cargo Box Size (mm): 4080*2100*2100

Product Description

Product features:

Isuzu refrigerated trucks are equipped with refrigeration units of international famous brands, with strong refrigeration capacity, capable of lowering the temperature of the compartment to the required low temperature in a short period of time, and equipped with precise temperature control technology, with a very small range of temperature fluctuation, providing a stable low-temperature environment for the goods.

The interior of the compartment adopts a special air duct design, which can promote uniform air circulation and ensure uniform temperature in all corners of the compartment, avoiding abnormal local temperature affecting the quality of the goods.

is equipped with an intelligent temperature monitoring system, which collects real-time temperature data in the compartment through sensors and presents them on the display screen in the cab, making it convenient for the driver to grasp the temperature condition at any time.

Product usage:

is professionally used for pharmaceutical cold chain transportation to guarantee the quality and safety of various vaccines, biological products and other medicines that are extremely sensitive to temperature during transportation, and the stable temperature environment can prevent the medicines from deteriorating and becoming invalid.

is suitable for high-end food distribution, such as fresh sashimi, rare mushrooms, etc. The uniform temperature distribution can maintain the fresh taste and nutritional value of the ingredients.

plays a key role in transporting experimental samples in scientific research institutions, where precise temperature control ensures that the activity and integrity of the samples are not affected.

Product advantages:

Well-known refrigeration unit with precise temperature control technology greatly enhances the freshness of the goods and reduces the risk of loss of goods.

The unique air duct design of ensures uniform temperature and meets the needs of cargo transportation with high requirements for temperature uniformity. Intelligent temperature monitoring system facilitates the driver's operation and management and improves the efficiency of temperature management during transportation.

After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

who are we?

Autoking Industrial Co., Ltd. was established in 2017, located in Jinshui District, Zhengzhou City, Henan Province. We have many refrigerated truck production bases in China, respectively located in Henan, Shandong, Hubei, Jiangsu, Guangdong, product sales network covering domestic and foreign markets.

we have more than 300 models of special trucks, can also provide you with a variety of customized trucks, five-star after-sales service guarantee. You can call us free at any time, we will provide you with solutions. In addition, we provide you with original spare parts. Our engineers can provide on-site service if required. We have many customers in Southeast Asia, South Asia, Central Asia, West Asia, the Middle East, South America. Welcome friends from all over the world to contact us for win-win cooperation.

How can we guarantee quality?

we produce as per international standard and norm;

Always final Inspection before shipment; We know once those products with quality defects are shipped to the destination, both of us are in great trouble. If we check the quality of each shipment with the minimum cost, so why not?

We have advanced production technology and professional production lines, So far, our customers are very satisfied with our services and products.

what can you buy from us?

Our company specializes in various brands of electric vehicles, commercial vehicles, refrigerated trucks, auto parts and vehicle maintenance equipment. Vans, refrigerator trucks, buses, mixer trucks, tank trucks and other special vehicles.

why should you buy from us not from other suppliers?

Quality and Reliability: We prioritize quality in all our products, ensuring they meet or exceed industry standards.

Competitive Pricing: We offer competitive pricing without compromising on quality. Our efficient supply chain and strong relationships with manufacturers allow us to provide cost-effective solutions that fit your budget.

Customization and Flexibility: We understand that every customer has unique needs. We offer a range of customizable options and are flexible in tailoring our products and services to meet your specific requirements.

In summary, buying from us means you're choosing a supplier that offers quality, competitive pricing, exceptional customer service, flexibility, a comprehensive product range, a strong reputation, and a commitment to sustainability. We're here to ensure you have the best possible experience, from initial inquiry to after-sales support.

what services can we provide?

Accepted Delivery Terms: FOB;EXW; CIF;
Accepted Payment Currency:Euro; US dollar; CNY;
Language Spoken:English; Russian; Spanish;

Specification:

| | |
|--------------------------------|-----------------------------------|
| Cargo box size (mm) | 4080*2100*2100 |
| Box volume (m ³) | 18 |
| Box material | glass fiber reinforced plastics |
| Insulation layer material | XPS/polyurethane |
| Insulation layer thickness(cm) | 8 |
| Box bottom plate | aluminum material |
| Refrigerator brand | Thermo King/Carrier/Chinese brand |
| Refrigerator temperature (°) | -5°/-18° |
| Backup power | Optional |
| Air heating system | Optional |
| Box optional configuration | Meat hook/Ventilation trough |
| Chassis brand | isuzu |
| Drive form | 4*2 |
| Steering wheel | Left hand drive |
| Steering device | Power assisted steering |
| Wheelbase(mm) | 3360 |
| Engine brand and model | isuzu/4KH1CN6HB |
| Max engine power(Kw) | 97 |
| Engine displacement(ml) | 2999 |
| Engine emission standard | Euro6 |
| Number of engine cylinders | 4 |

| | |
|----------------------|---|
| Fuel type | Diesel |
| Gearbox | ML645G,5 speed forward 1 reverse |
| Front/rear axle(t) | 2.5/4.5 |
| Suspension | Multi leaf springs |
| Brake system | Front/Rear Drum full air braking |
| Wheels and tyre size | 6+1/(7.00R16) |
| Cab configuration | Single row cab, air conditioning, radio, MP3 and USB port |
| Rated voltage | 24V,DC |
| Cab color | White,other color is optional |
