

## Good Temperature Control Isuzu M100 Refrigerated Truck Light Trucks

Our Product Introduction

for more products please visit us on [commercial-autos.com](http://commercial-autos.com)

### Basic Information

### Product Specification

- Model NO.: Isuzu M100
- Payload: 5-10 Ton
- Emission Standard: Euro 6
- Transmission Type: Manual
- Horsepower: 150hp
- Fuel: Diesel
- Bearing Capacity: Medium
- Car Type: The Semi-Trailer
- Condition: New
- Truck Model: Ak5070xlcl6
- Curb Weight(Kg): 3500
- Total Mass(Kg): 7360
- Max Speed(Km/H): 110
- Persons In Cab: 3
- Cargo Box Size (mm): 4080\*2100\*2100

## Product Description

### Product features:

Equipped with Isuzu inverter refrigeration unit, the power can be automatically adjusted according to the outside temperature, with remarkable energy-saving effect, saving more than 20% of energy consumption compared with the traditional unit. The cabin adopts the vacuum insulation panel (VIP) insulation technology, which is only 1/3 of the thickness of traditional materials and improves the insulation performance by 50%, effectively reducing the loss of cold. Equipped with energy recovery system, the kinetic energy is converted into electric energy when braking to supply power for on-board equipments, which further reduces the operation cost.

### Product usage:

is suitable for long-distance cold chain transportation, such as dairy products transportation from pastoral areas to cities. The energy-saving design reduces fuel consumption and guarantees transportation economy.

The energy-saving design reduces fuel consumption and ensures the transportation economy. It is also suitable for the "last kilometer" distribution of e-commerce cold chain, and its energy-saving characteristics meet the demand of urban environmental protection distribution.

Transportation of temperature-sensitive electronic components, stable insulation environment to avoid product damage due to temperature fluctuations.

### Product advantages:

Full life cycle cost reduction of 15%-20%, energy-saving design significantly improves operational profitability.

Vacuum insulation panel technology maintains stable insulation performance over a wide temperature range from - 25°C to + 25°C, which is better than the industry average.

Energy recovery system reduces carbon emissions by 1.2 tons per year and meets EU Stage V emissions standards for environmental compliance.

### After-sales service

AUTOKING has four overseas branches to develop overseas customers. We also carry out after-sales service guarantee for vehicles.

### Is the price cheap?

The price is chosen by comparing several car manufacturers, and we also hope that customers can compare several times and finally choose our company.

### Is international logistics guaranteed?

After the purchase of goods are shipped, the company tracks the order in full. Shipping video and transport video we provide for you at any time.

### who are we?

Autoking Industrial Co., Ltd. was established in 2017, located in Jinshui District, Zhengzhou City, Henan Province. We have many refrigerated truck production bases in China, respectively located in Henan, Shandong, Hubei, Jiangsu, Guangdong, product sales network covering domestic and foreign markets.

we have more than 300 models of special trucks, can also provide you with a variety of customized trucks, five-star after-sales service guarantee. You can call us free at any time, we will provide you with solutions. In addition, we provide you with original spare parts. Our engineers can provide on-site service if required. We have many customers in Southeast Asia, South Asia, Central Asia, West Asia, the Middle East, South America. Welcome friends from all over the world to contact us for win-win cooperation.

### How can we guarantee quality?

we produce as per international standard and norm;

Always final Inspection before shipment; We know once those products with quality defects are shipped to the destination, both of us are in great trouble. If we check the quality of each shipment with the minimum cost, so why not?

We have advanced production technology and professional production lines, So far, our customers are very satisfied with our services and products.

### what can you buy from us?

Our company specializes in various brands of electric vehicles, commercial vehicles, refrigerated trucks, auto parts and vehicle maintenance equipment. Vans, refrigerator trucks, buses, mixer trucks, tank trucks and other special vehicles.

### why should you buy from us not from other suppliers?

Quality and Reliability: We prioritize quality in all our products, ensuring they meet or exceed industry standards.

Competitive Pricing: We offer competitive pricing without compromising on quality. Our efficient supply chain and strong relationships with manufacturers allow us to provide cost-effective solutions that fit your budget.

Customization and Flexibility: We understand that every customer has unique needs. We offer a range of customizable options and are flexible in tailoring our products and services to meet your specific requirements.

In summary, buying from us means you're choosing a supplier that offers quality, competitive pricing, exceptional customer service, flexibility, a comprehensive product range, a strong reputation, and a commitment to sustainability. We're here to ensure you have the best possible experience, from initial inquiry to after-sales support.

### what services can we provide?

Accepted Delivery Terms: FOB; EXW; CIF;

Accepted Payment Currency: Euro; US dollar; CNY;

Language Spoken: English; Russian; Spanish;

**Specification:**

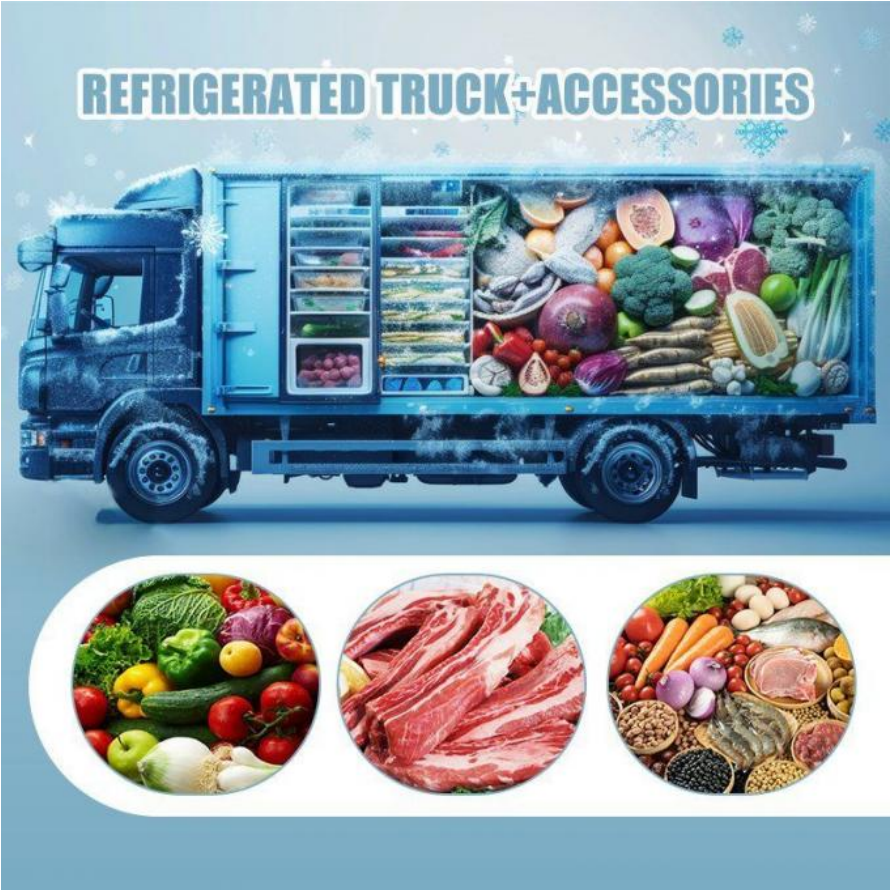

Cargo box size (mm)	4080*2100*2100
Box volume (m³)	18
Box material	glass fiber reinforced plastics
Insulation layer material	XPS/polyurethane
Insulation layer thickness(cm)	8
Box bottom plate	aluminum material
Refrigerator brand	Thermo King/Carrier/Chinese brand
Refrigerator temperature (°)	-5°/-18°
Backup power	Optional
Air heating system	Optional
Box optional configuration	Meat hook/Ventilation trough
Chassis brand	isuzu
Drive form	4*2
Steering wheel	Left hand drive
Steering device	Power assisted steering
Wheelbase(mm)	3360
Engine brand and model	isuzu/4KH1CN6HB
Max engine power(Kw)	97
Engine displacement(ml)	2999
Engine emission standard	Euro6
Number of engine cylinders	4
Fuel type	Diesel

Gearbox	ML645G,5 speed forward 1 reverse
Front/rear axle(t)	2.5/4.5
Suspension	Multi leaf springs
Brake system	Front/Rear Drum full air braking
Wheels and tyre size	6+1/( 7.00R16)
Cab configuration	Single row cab, air conditioning, radio, MP3 and USB port
Rated voltage	24V,DC
Cab color	White,other color is optional
