*The new type of HOWO muck truck body is an improved model that has been redesigned based on the defects found by users in actual use. The height and thickness of the rear panel have been increased, the unloading speed is fast, and there is no material hanging.*

*The model has reliable structure strong bearing capacity power over 380hp reliable performance can meet your loading, unloading, transportation needs.*

*Since engineering vehicles are mainly practical, two relatively deep storage slots are set up in the multimedia area on the dashboard to facilitate the driver's daily use. Further to the right are the cup holder and storage box. The berth behind the driver is also relatively spacious, which can provide the driver with a better rest space.*

## OCEAN BILL OF LADING
