Product Features

The Foton Fengjing medical ambulance is built to national standards with a simple, beautiful exterior and smooth lines. The interior space has been carefully designed to provide comprehensive support for medical rescue operations. The vehicle includes auxiliary equipment for physical examinations, ensuring a comfortable environment while maintaining efficient examination and rescue procedures.

PRODUCT DESCRIPTION

The exterior design of the Foton G7 ambulance features red or blue reflective strips. The driver's door, hood, and tailgate display reflective rescue logos for high visibility. The medical cabin includes glass windows with frosted glass paper covering 2/3 of their height, ensuring privacy while allowing natural light penetration.
