PRODUCT DESCRIPTION

The Foton Fengjing medical ambulance is carefully built according to national standards. It features a simple and beautiful exterior with smooth lines, along with a spacious interior designed for medical rescue operations. The vehicle includes auxiliary equipment for physical examinations, ensuring both comfort and efficiency during medical procedures.

The exterior design of the Foton G7 ambulance is highly visible with red or blue reflective strips. The driver's door, hood, and tailgate feature reflective rescue logos for professional identification. The medical cabin includes glass windows with frosted glass paper for privacy while maintaining natural light penetration.
